
1.3 List of Interested Agencies

Comment 1.3-1-PHT: The Dutchess County Wastewater Authority has not been listed as an interested party. As chairman of the WW committee I think it is important to involve them early on. [Darlene Riemer, November 17, 2007 Public Hearing Transcript, page 114]

Response 1.3-1-PHT: The Dutchess County Wastewater Authority has been listed in Section 1.3 as an interested agency.

Comment 1.3-2-44: The Dutchess County Water and Wastewater Authority submitted a letter to the Town Planning Board pointing out the Authority's continuing involvement with the Town's Wastewater Committee in working to create a sewer district for the hamlet of Amenia. In light of that and the fact that the project's wastewater treatment plant would play a role in the operation of the potential sewer district, the Authority notes that it should have been listed as an Interested Agency in the DEIS and it was not. [Edward J. Mills, Dutchess County Water and Wastewater Authority, Letter, October 31, 2007]

Response 1.3-2-44: Please see Response 1.3-1-PHT.
