- Note:
- NONE of these infiltration basin are for water quality treatment for the full-build conditions.
 - Refer to this project SWPPP (Appendix E) for detailed design calculations and supporting data.

- Note:
- SWM #11 (infiltration basin) is constructed during early golf phase not during phase 1. During phase 1, SWM #11 will be utilized for water quality purposes for part of the development. The SWM #11 is designed such that it satisfies the WQ requirements for both golf phase and phase 1 development (East of Hudson standard).
